

AMERICAN STOCKMAN[®]

THE FUTURE OF RANCHING, A HISTORY OF RESULTS[®]

PRODUCT INFORMATION

**American Stockman and ranchers go back –
way back – to a time when a man's word
was as firm as his handshake. When the line
separating legend and fact was blurred.
When trust was hard earned. We've never
stopped working to earn ranchers' trust,
and never will. Our unique and innovative
nutritional solutions enhance herd health,
and build healthy partnerships that endure
for generations. You deserve nothing less.
Which is why we work non-stop to give you more.**

THE SCIENCE OF SALT

An animal's appetite for salt is second only to water. It is essential for assuring optimal weight gain, milk production and overall health. Salt needs vary from animal to animal, depending on environmental conditions, feed variability and animal health. It's considered a "free-choice" nutrient, which means animals will consume what they need by natural demand. American Stockman provides a variety of complete blends and specific mineralized salts to assure proper body function, digestion and blood regulation – and to give you the right formula for success.

SODIUM CHLORIDE

- Regulates blood and tissue pH
- Involved in nerve impulse transmission and rhythmic action of the heart
- Required for production of hydrochloric acid to aid food digestion

MINERALIZED SALT

- Contains trace minerals that help maintain optimal fertility
- Comprised of core micronutrients that are known to support basic animal health
- Can be supplied for less than a dollar per head annually

HORSES

Big 6® Mineral Salt

Big 6® is our most popular trace mineralized salt in the eastern half of the United States. With the six core micro-minerals required for animal health – zinc, manganese, cobalt, copper, iodine and iron – it's the first choice for weight gain, feeding efficiencies and overall herd performance. For all classes of beef and dairy cattle, pigs and horses.

This feed contains copper. Do not feed to sheep.

GUARANTEED ANALYSIS

Salt (NaCl) Min	96.0%	Copper (Cu) Max	380 ppm
Salt (NaCl) Max	99.0%	Zinc (Zn) Min	320 ppm
Manganese (Mn) Min	2,400 ppm	Iodine (I) Min	70 ppm
Iron (Fe) Min	2,400 ppm	Cobalt (Co) Min	40 ppm
Copper (Cu) Min	260 ppm		

INGREDIENTS

Salt, Manganous Oxide, Ferrous Carbonate, Magnesium Oxide, Copper Oxide, Zinc Oxide, Calcium Iodate, Cobalt Carbonate, Red Iron Oxide for Color

Cobalt Iodized Salt

Cobalt is important for Vitamin B12 synthesis, which is essential for appetite stimulation and normal protein, carbohydrate and mineral metabolism. It also prevents deficiencies that can lead to low conception rates, abortions and weak calves. For all classes of beef and dairy cattle, sheep, pigs and horses.

GUARANTEED ANALYSIS

Salt (NaCl) Min	97.0%
Salt (NaCl) Max	99.9%
Iodine (I) Min	110 ppm
Cobalt (Co) Min	100 ppm

INGREDIENTS

Salt, Cobalt Carbonate, Calcium Iodate, Blue Dye for Color

768491

2274806

Hi-Salt® with EDDI

Hi-Salt® contains twice the zinc, three times the manganese or iron, and quadruple the amount of iodine of standard trace mineralized salt. The source of iodine within Hi-Salt® is organic, which has been found to be more effective in many past cases. It also improves feed utilization, animal growth and optimizes reproduction. For all classes of beef and dairy cattle.

This feed contains copper. Do not feed to sheep.

GUARANTEED ANALYSIS

Salt (NaCl) Min	93.0%	Copper (Cu) Min	260 ppm
Salt (NaCl) Max	96.0%	Copper (Cu) Max	380 ppm
Zinc (Zn) Min	1.0%	Iodine (I) Min	280 ppm
Manganese (Mn) Min	7,500 ppm	Cobalt (Co) Min	110 ppm
Iron (Fe) Min	6,000 ppm		

INGREDIENTS

Salt, Zinc Oxide, Manganous Oxide, Ferrous Carbonate, Magnesium Oxide, Copper Oxide, Ethylenediamine Dihydriodide, Cobalt Carbonate, Red Iron Oxide for Color

Trace Mineralized Salt

Trace Mineralized is our most popular trace mineralized salt in the western half of the United States. With the six core micro-minerals required for animal health – zinc, manganese, cobalt, copper, iodine and iron – it's the first choice for weight gain, feeding efficiencies and overall herd performance. For all classes of beef and dairy cattle, pigs and horses.

This feed contains copper. Do not feed to sheep.

GUARANTEED ANALYSIS

Salt (NaCl) Min	95.5%	Copper (Cu) Min	280 ppm
Salt (NaCl) Max	98.5%	Copper (Cu) Max	420 ppm
Zinc (Zn) Min	3,500 ppm	Iodine (I) Min	100 ppm
Iron (Fe) Min	2,000 ppm	Cobalt (Co) Min	60 ppm
Manganese (Mn) Min	1,800 ppm		

INGREDIENTS

Salt, Zinc Oxide, Ferrous Carbonate, Manganous Oxide, Magnesium Oxide, Copper Oxide, Calcium Iodate, Cobalt Carbonate, Mineral Oil, Red Iron Oxide for Color

Iodized Salt

Iodine is vital for healthy and abundant reproduction and thyroxin production, the major hormone that controls basal metabolic rate. Additionally, a constant source of iodine is beneficial in combating heat and moisture that deplete iodine levels in livestock. For all classes of beef and dairy cattle, sheep, pigs and horses.

GUARANTEED ANALYSIS

Salt (NaCl) Min	97.0%
Salt (NaCl) Max	99.7%
Iodine (I) Min	100 ppm

INGREDIENTS

Salt, Calcium Iodate, Red Iron Oxide for Color

2274777

775973

Se-90 Trace Mineralized Salt with Selenium

Se-90 boosts selenium levels and adds copper, as well. Selenium is an antioxidant, which protects against disease by promoting healthy immune systems and regulating an animal's ability to handle stress. For all classes of beef cattle and horses.

This feed contains 90 ppm added selenium. Do not use in association with other feeds containing supplemental selenium.

This feed contains copper. Do not feed to sheep.

GUARANTEED ANALYSIS

Salt (NaCl) Min	95.0%	Copper (Cu) Min	280 ppm
Salt (NaCl) Max	98.5%	Copper (Cu) Max	420 ppm
Zinc (Zn) Min	3,500 ppm	Iodine (I) Min	100 ppm
Iron (Fe) Min	2,000 ppm	Selenium (Se) Min	90 ppm
Manganese (Mn) Min	1,800 ppm	Cobalt (Co) Min	60 ppm

INGREDIENTS

Salt, Zinc Oxide, Ferrous Carbonate, Manganous Oxide, Copper Oxide, Magnesium Oxide, Calcium Iodate, Sodium Selenite, Cobalt Carbonate, Yellow Iron Oxide for Color

2274857

Se-30 Trace Mineralized Salt with Selenium

Se-30 contains added selenium, without copper, which is important to owners of animals that are sensitive to the amount of copper in their diet. Selenium is an antioxidant, which protects against disease by promoting healthy immune systems and regulating an animal's ability to handle stress. For all classes of beef and dairy cattle, sheep, pigs and horses.

This feed contains 30 ppm added selenium. Do not use in association with other feeds containing supplemental selenium.

GUARANTEED ANALYSIS

Salt (NaCl) Min	96.0%	Manganese (Mn) Min	1,800 ppm
Salt (NaCl) Max	98.5%	Iodine (I) Min	100 ppm
Zinc (Zn) Min	3,500 ppm	Cobalt (Co) Min	60 ppm
Iron (Fe) Min	2,000 ppm	Selenium (Se) Min	30 ppm

INGREDIENTS

Salt, Zinc Oxide, Ferrous Carbonate, Manganous Oxide, Calcium Iodate, Sodium Selenite, Cobalt Carbonate, Yellow Iron Oxide and Blue Dye for Color

2274751

Sulfur Salt

Sulfur is required for proper development of protein, cartilage, bones and tendons. It also plays a role in hair and wool production, as well as regulating fiber digestion and weight gain. For all classes of beef and dairy cattle, sheep, pigs and horses.

GUARANTEED ANALYSIS

Salt (NaCl) Min	95.0%
Salt (NaCl) Max	97.0%
Sulfur (S) Min	3.0%

INGREDIENTS

Salt, Sulfur, FD&C Yellow #5 Dye for Color

772941

Equine Micro 100® Salt

Equine Micro 100® is specially formulated to provide the micro-nutrients required by horses as recommended by National Research Council (NRC) guidelines. This salt brick is apple flavored for appetite encouragement and offers a powerful antioxidant combination of Vitamin E and selenium. The ingredients contained in this formula are known to fight fatigue, reduce the chance of stillborn foals, enhance fertility and strengthen the immune system.

This feed contains 14 ppm added selenium. Do not use in association with other feeds containing supplemental selenium.

This feed contains copper. Do not feed to sheep.

GUARANTEED ANALYSIS

Salt (NaCl) Min	95.0%	Copper (Cu) Min	1,000 ppm
Salt (NaCl) Max	98.0%	Copper (Cu) Max	1,600 ppm
Zinc (Zn) Min	5,300 ppm	Iodine (I) Min	16 ppm
Manganese (Mn) Min	5,300 ppm	Cobalt (Co) Min	16 ppm
Iron (Fe) Min	2,700 ppm	Selenium (Se) Min	14 ppm
Vitamin E Min	270 I.U./LB		

INGREDIENTS

Salt, Zinc Oxide, Manganous Oxide, Ferrous Carbonate, Copper Oxide, Calcium Iodate, Cobalt Carbonate, Sodium Selenite, Vitamin E, Iron Oxide for Color, Corn Oil and Apple Flavoring

2274873

Agri Salt

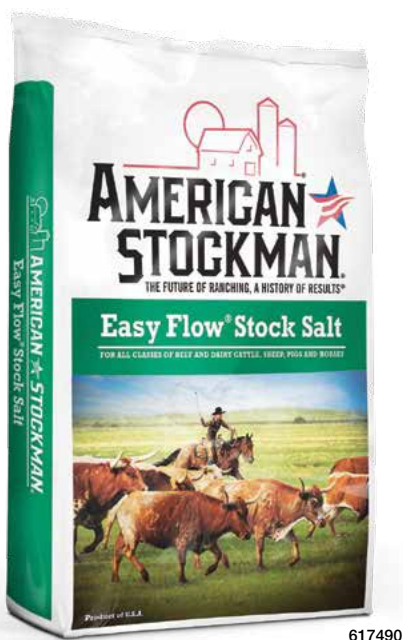

Our extremely tough, weather resistant Agri Salt is specifically designed for free-choice feeding. Available in limited areas. For all classes of beef and dairy cattle, sheep, pigs and horses.

GUARANTEED ANALYSIS

Salt (NaCl) Min	96.0%
Salt (NaCl) Max	99.9%

INGREDIENTS

Salt

617490

Easy Flow® Stock Salt

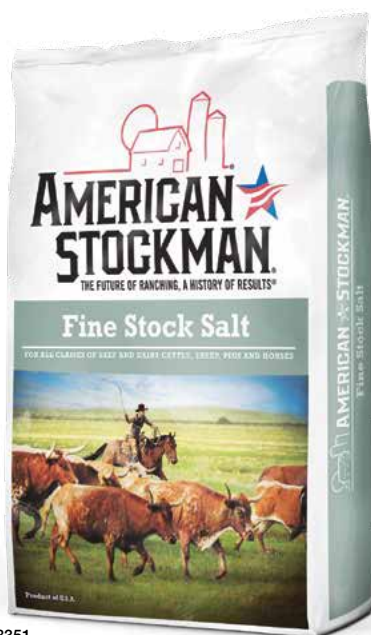

Easy Flow® is a high-purity evaporated salt. The crystal size is smaller than Fine Stock salt, and contains the anti-caking agent YPS. It's appropriate for all classes of beef and dairy cattle, sheep, pigs and horses.

GUARANTEED ANALYSIS

Salt (NaCl) Min	98.0%
Salt (NaCl) Max	99.9%

INGREDIENTS

Salt, Yellow Prussiate of Soda (YPS) Free Flow Agent

768351

Fine Stock Salt

Our most common feed rock salt, Fine Stock is high purity and contains the anti-caking agent YPS. It can be used as a mixing and stock salt for all classes of beef and dairy cattle, sheep, pigs and horses.

GUARANTEED ANALYSIS

Salt (NaCl) Min	95.0%
Salt (NaCl) Max	98.0%

INGREDIENTS

Salt, Yellow Prussiate of Soda (YPS) Free Flow Agent

Mixing Salt

Treated Mixing Salt

This high-purity rock salt is available in the Great Lakes region.

The particles are slightly larger than Fine Stock salt, which makes it a good choice for mixing in feed rations. For all classes of beef and dairy cattle, sheep, pigs and horses.

Available in untreated or treated with an anti-caking agent YPS.

GUARANTEED ANALYSIS

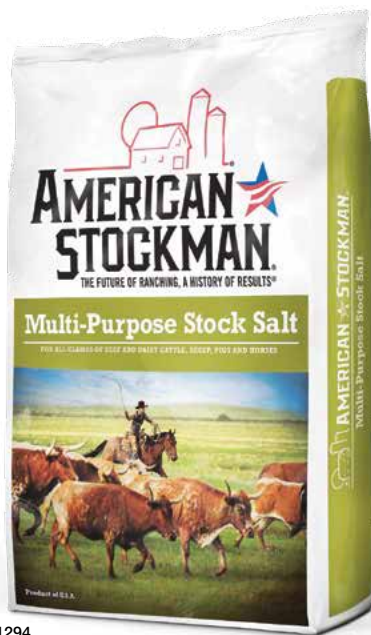

Salt (NaCl) Min	97.0%
Salt (NaCl) Max	99.5%

INGREDIENTS

Salt

INGREDIENTS

Salt, Yellow Prussiate of Soda (YPS) Free Flow Agent

771294

Multi-Purpose Stock Salt

Multi-Purpose is our finest rock salt product, with high purity and the anti-caking agent YPS. For all classes of beef and dairy cattle, sheep, pigs and horses.

GUARANTEED ANALYSIS

Salt (NaCl) Min	95.0%
Salt (NaCl) Max	98.0%

INGREDIENTS

Salt, Yellow Prussiate of Soda (YPS) Free Flow Agent

772158

Solar Medium Salt

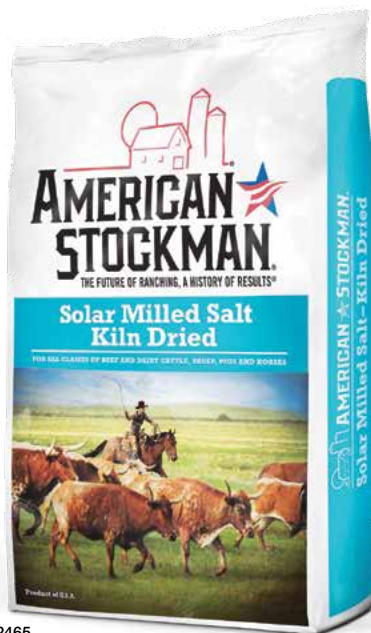

Solar Medium contains our largest cut crystals. We use standard solar evaporation technology from the Great Salt Lake and kiln drying for high purity. For all classes of beef and dairy cattle, sheep, pigs and horses.

GUARANTEED ANALYSIS

Salt (NaCl) Min	99.0%
Salt (NaCl) Max	99.9%

INGREDIENTS

Salt

772465

Solar Milled Salt

Solar Milled contains our fine cut crystal. It's kiln dried and uses standard solar evaporation technology from the Great Salt Lake to achieve high purity. For all classes of beef and dairy cattle, sheep, pigs and horses.

GUARANTEED ANALYSIS

Salt (NaCl) Min	99.0%
Salt (NaCl) Max	99.9%

INGREDIENTS

Salt

772431

Solar Mixing Salt

Our finest solar feed salt crystals are high purity, thanks to kiln drying and standard evaporation technology from the Great Salt Lake. For all classes of beef and dairy cattle, sheep, pigs and horses.

GUARANTEED ANALYSIS

Salt (NaCl) Min	99.0%
Salt (NaCl) Max	99.9%

INGREDIENTS
