

FOR HOME. FOR HEALTH. FOR LIFE.®

Potassium Cubes

Replace Sodium with Another Essential Element—Naturally

It's a solution that's uniquely natural, uniquely Nature's Own. For those families concerned with high sodium intake, provide them Nature's Own Potassium Cubes. It substitutes potassium for sodium, thereby offering all the benefits of potassium – a naturally occurring mineral fundamental to a healthy diet.

- Provides needed potassium to diets
- Reduces sodium intake
- Soothes and rejuvenates the body
- Cleaner clothes and dishes
- Protects pipes and appliances
- Safe for all softeners

Water That Leads to Wellness

Families everywhere have rediscovered the benefits of natural living and the value of purity in their lives. At the center of that healthy lifestyle is water. Nature's Own products help them restore the water in their homes to the pure, clear state nature intended. It's time to think beyond water conditioning to water care. Nature's Own. For Home. For Health. For Life.
