

FOOD
PURITY
BEGINS
HERE.

*Special
Purity*

**MEETING THE EXACTING
DEMANDS OF THE
FOOD INDUSTRY.**

THE FOOD INDUSTRY'S TRUSTED PARTNER

In the food industry, there's no room for anything less than the highest quality.

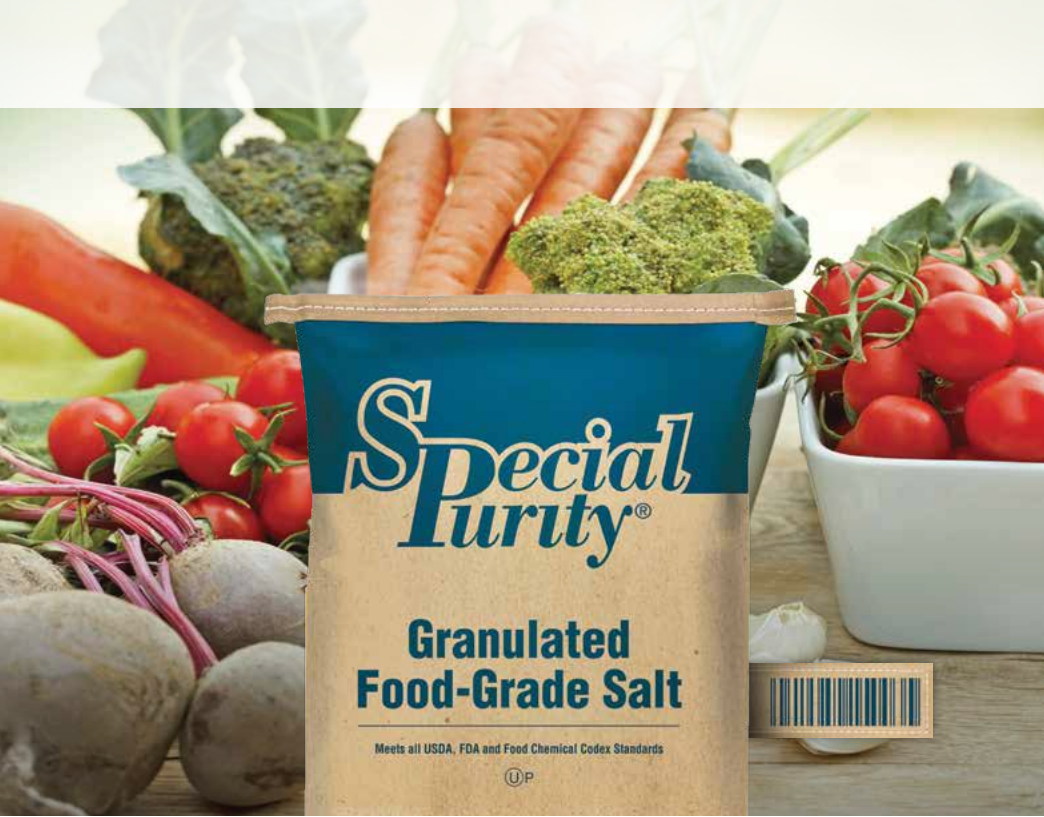

Long recognized as a leader in food-grade salt products, Special Purity® meets the exacting demands of food manufacturers for purity, consistency and quality.

WHEN PURITY MATTERS

All Special Purity products are produced in compliance with the strictest food industry standards.

- Manufactured in compliance with all regulations and specifications from the FDA, USDA and Food Chemical Codex
- Non-GMO
- Infinite shelf life*
- All products manufactured in facilities that meet the standards of the Global Food Safety Initiative (GFSI)
- Gluten free
- No known allergens
- Not susceptible to microbiological activity

*Although the shelf life of salt products is infinite with respect to purity, relative humidity and temperature can promote clumping. Clumped salt may pose handling issues in certain applications, but the product has not decayed chemically and poses no food safety issues.

GRANULATED FOOD-GRADE SALT

Pure salt with no additives.
Washed, filtered, dried, screened
and quality-control tested.
Certified by the National Sanitation
Foundation (NSF) to NSF/ANSI 60.
Common uses include baking,
meat, fish and dairy.

AVAILABLE PACKAGING

ADMIXTURE

No additives — pure salt
